

October 23, 1962

A special meeting of the City Council was held in the Council Chambers of the Municipal Building on October 23, 1962 at 7:30 P.M. with Mayor B.E. Ball presiding.

Present: B.E. Ball, A.O. Umstead, Archie Woods, J.B. Taggart

Absent: J.C. Holcomb

Also Present: C.F. Jester, City Manager and Charlie Daniels

Mayor Ball called the meeting to order and stated that the purpose of the meeting was to receive the report from the special sewer committee appointed by him September 21, 1962. #2284

Mr. Taggart acted as spokesman for the special committee. He stated that the committee recommends to the council that one sewage plant be built in the Ramsey area in place of two plants being presently proposed, with one plant in the City shop area and a secondary plant in the Ramsey area. Mr. Taggart reported that the committee has been in contact with the engineers and has held two meetings to consider this matter before making a recommendation to the council.

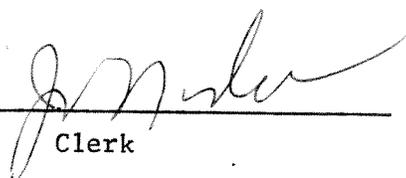

The recommendation of one plant in preference of two is based on the following reasons:

- 1. No material cost over a thirty year period.
- 2. Ease of expansion
- 3. Location of plant
- 4. Ease of operation

On motion by Archie Woods, seconded by A.O. Umstead and carried by unanimous vote, Council moved that the committee's report and recommendation be accepted. #2285

On motion by A.O. Umstead, seconded by J.B. Taggart and carried by unanimous roll call vote, council moved that the City Manager and City Attorney be authorized to obtain an option on two possible plant sites as recommended by the committee, the final selection to be made by the engineers. #2286

There being no further business to come before the council same adjourned.

 Clerk

 Mayor
